RE: COVER LETTER

Dear Sir/Madame,

I greatly appreciate that you had given me the opportunity to visit Germany last year. As a response to the invitation of my partner, Mr. (Name of your sponsor/host in Germany) a German citizen with Passport No. _____ I am submitting my personal documents to your good office and file my application for a visitor's visa.

Michael and I had been in a relationship for 4 years now and living under the same roof. He was able to meet all of my family and relatives and I had been able to meet his family here. And now, it is my time to visit them in Germany.

I am a Filipino citizen and an architect by profession but at the moment very much accommodated in managing my humble resort in Tablas, Romblon. Michael wished me to travel with him again to Germany to visit his family because his parents are not capable to travel long distance as of the moment and so we decided again to visit them again. Furthermore, I will be hosted by his family in Castrop-Rauxel. Traveling internationally i is no longer new to me since I travel extensively within our neighboring countries prior to the pandemic. This planned trip will be very special since this would be my first time and I have been in constant communication with his parents and they are so much excited as much as I am that we can spend time with them again soon. In preparation, I have also been starting to learn Deutsch so I could communicate with his family and friends.

To support my application, I am attaching to this application the following documents in sequence;

1. Passport- Current and expired that shows my personal details and my past travels.
2. Passport size photos
3. Duly filled out application form with machine readable entries
4. Proof of affiliation with my sponsor (Photos together)
5. Invitation letter from host- Letter signed by Host
6. Itinerary- Intended places to visit
7. Personal Bank Certificate-Letter signed by Branch officer of the Bank
8. Travel Insurance- with COVID Coverage
9. Socio Economic Status- Business Documents
10. Others- Documents from my sponsor

To end, I just really hope you could give me chance to meet (HOSt's/sponsor) family and explore Germany. I promised to be a law abiding visitor and will never violate any policy of your beautiful country. I will surely return to the Philippines as planned to attend to my personal and business commitments. Thank you very much and more power.

Very Respectfully,

Zaha Hadid
